Bristol, Friday Dec.r 13th 1850

My dear Sr. May.

This morning I just has
brought me 2 Liberators, but
both, unluckily, of the same date —
Nov.r 22nd — so that I have none
of Nov.r 15th. Can you get it
for me?

The Lib.r comes very regularly,
not so the Standard, its Nos are
very deficient. One of the Two
Stand.d & came this morning (Nov.r 7 & 14th.)

The Last Standard refers to a little
account of W. W. Brown's Panora-
ma which I sent to the "Inquirer"
so precise & definite, that no body c.d

doubt its correctness who did not suspect its intentional deception. But the Standard supposes the Inquirer meant "Box Brown's Panorama as he sailed with his from N. York"! How is very cruelly edited, & shows want of tact in the art.

Mr. Garrison's history of G. F. career is rather over drawn. Thompson received, & deservedly, money from India, tho' less than he ought, I believe, both from the R. of Dublin, & from the Rajah of Satara.

But as this may not reach you, I will not go on.

Yours truly

J. B. Estlin
